The New U. S. Grainless Rubber Solid Truck Tire Is Here

MOTOR truck owners and operators who are interested in the efficient and economical operation of their trucks will be glad to know that we are now ready to supply them with the new U. S. Grainless Rubber Solid Truck Tire.

a chemical union between the steel and the rubber. A positive permanent advance in solid tire manufacture. As representatives of U. S. Tires in this city, we are in constant touch with the latest developments in tire progress.

This tire overcomes the two great causes of solid tire waste—splitting and base separation. Splitting—by removing the grain which allowed splits to develop in the old type of solid. Base separation—by affecting

Bring your truck tire problems to us. When a motor truck comes to our Service Station, it goes away with the kind of tire that was built for it—that will give its owner the best and most economical tire service possible—or we want to know the reason why. In purchasing a new truck consult us about the type of tires to specify.
